May

In this magic year of '51 that has flown by so fast
We bring you Aladdin and his genie, straight from the past.

Now this may seem like ages, but they aren't so very old,
And if Aladdin wishes anything, to the genie it is told.
When Aladdin rode the magic carpet over German High,
Aladdin couldn't stand just to be a passer by.
He put on his ear phones, tuned in to genie in the lamp,
Thus conferring with the spirit chief, his course was revamped.

Now Aladdin made a wise wish to the little man
And genie rubbed the magic piece, just to complete his plan.

Aladdin's desire was to visit the school he saw below,
I'll bet you didn't see him 'cause he didn't make a show.
But just the same this creature investigated every room and nook,
And you, too, can travel with him by turning the pages of this book.

Sangston Field

When we returned to school for the 1950-51 term, we felt that Aladdin had really been working with his wonderful lamp, for right before our eyes stood the much needed and long awaited annex, and the new athletic field complete with bleachers. What a wonderful addition this has been to our school. We, the students, wish to express sincere thanks to all persons responsible for this valuable addition. We especially wish to thank Dr. J. H. Sangston, who has given not only of his time but also gifts of capital to make all this possible.

RESOLUTION FROM THE MINUTE BOOK OF THE BOARD OF EDUCATION

WHEREAS, the late Dr. A. E. Coughanour was a resident of German Township for almost a quarter century and was recognized by all who knew him as a competent physician and as a valuable and esteemed citizen, vitally interested in all civic and community affairs, and all recreational and athletic activities, and whereas during his residence in the district he was in a direct way connected with the township schools as a loyal patron, a medical inspector, a school board member and as school board president, and whereas, in his service to this district he was recognized for his keen interest in school activities, his sound educational philosophy, his tolerance and sympathy in his relationships with others, and for his liberality and broadmindedness on school problems, and whereas the death of Dr. Coughanour was a serious loss to our community and to the medical profession, NOW BE IT RESOLVED, that the Board of Directors of the School District of German Township hereby express its appreciation for the services of the said Dr. Coughanour in the affairs of the public and community, and also that it express its sense of loss in the death of this valuable citizen, by recording this resolution as a part of the board minutes, and sending a copy of same to the bereaved family.

The resolution was unanimously adopted at a regular meeting of the Board December 13, 1950.

OUR ALMA MATER

The school we love the best, is German Township High,
And far above the rest, her flag will always fly,
We'll guard her emblem well, that none may float ahead
Of Alma Mater's banner fair, the Black and Red.
(Harmony—Loud)

Oh! Black and Red we love thy fair, fair fold;
A treasure that each son and daughter sacred holds.
Then proudly wave as years go fleeting by
The emblem of our dear old German Township High.
(Unison—Maestoso)

Hail to the Alma Mater that we love,
And love her well, as each can tell,
Hail to the flag that floats above them all.
The Black and Red must float ahead,
Hail, to the motto that we love the best,
"Scientia Potestas Est."
Wave Red and Black forever,
Falter may you never
Dear Old German Township High!
Thy praises we will sing, Oh! Alma Mater dear,
Our songs and cheers shall ring, for you from year to year,
The lessons we have learned in life shall be our guide,
And may we all, at duty's call, turn back with pride.

IN MEMORIAM

DOLORES PAUGH

JUST AWAY

God gave a young and happy soul
To make an earthly flight
Her mission through, He called her back
A star to shine at night.

She isn't gone at all, but just
Lives on in different ways,
She smiles there now and still lives on,
Her smile lights all my days.

A kingdom God has made for her
Her throne engulfed with love,
The pain and worry of life on earth
Can't touch her up above.

When God has called the rest of us
We'll meet to talk and play,
So think as I—She is not dead,
For she is just away.
